

LINE LEATHER-TPU BOOK STAND CASES

New "**LINE**" cases by **VOLTE-TEL** for new Apple, Samsung, Huawei, Sony, Microsoft, Nokia, Lenovo, LG, Alcatel, HTC, ZTE, Motorola & Vodafone smartphones. Their modern design and the high quality PU leather exterior makes them stand out. Internally the phone is held firmly in place by a TPU case and there is special **VELVET** lining inside for the best protection of your screen. Thanks to special prominence around the TPU and in combination with the magnetic closure strap that keeps the front cover in place, the "**LINE**" cases protect your smartphone even from potential falls. Avoid scratches on the screen by keeping book-cover closed and keep your smartphone as if it was brand new. Inside the book-cover there are two slots for your cards and its **STAND** function, makes viewing videos or photos a much easier experience.

"**LINE**" cases can be easily placed and removed, are lightweight, thin and do not limit the functions of the phone thanks to special cutouts.
